## What do social workers say about KidS<sup>3</sup> programs?

"Thank you for providing our children in foster care with a wonderful overnight camp experience! Our children returned home happy and excited and our foster parents had positive feedback. Our foster parents reported that the camp was well organized and they felt confident the children were well taken care of. Thank you again and we look forward to working with you again next year!"

"Royal KIDS Camp has given our foster children an opportunity that would have otherwise been difficult to fund. For the past six years, our foster kids have been a part of this very special week-long camp where they meet with and have a wonderful time with children just like themselves who are experiencing foster care. It has proven to be a marvelous experience for our children and one we all look forward to every year."

Nonyem Drayton  
Bethany Christian Services  
Atlanta, GA

"So many of the foster children we serve have never had the opportunity to attend camp before, much less an overnight camp for an entire week. Royal Family KIDS Camp not only provides a camp experience for abused and neglected children, but it provides them with a week filled with fun, fellowship, and positive new experiences and memories. What a privilege and a blessing it is to be able to provide hurting children with a safe, exciting camp experience where they receive constant praise and encouragement, and all they had to do was to show up, have fun, and be a kid."

### SOCIAL WORKER AND FOSTER PARENT INFORMATION

Giving kids in foster care hope and equipping them with the **Skills** and **Support** necessary for **Success**.

**Jeremiah 29:11**

## What is Xtreme Life?

**X**treme Life is a weekend camp designed with the foster teen in mind. The camping experience is geared for success, recognizing the needs of abused, neglected and abandoned youth.

Each teen is paired with an adult counselor (there's a strict ratio of one adult counselor to every 2 campers). All counselors and staff are volunteers who have been carefully screened and trained to work with children in state care, so you can be assured your child is in good hands.

At camp, your child will receive lots of individual attention in a wholesome environment, participating in a variety of fun and educational activities such as:

- Low and high ropes
- Break-out sessions
- Team games
- Chapel
- Art activities
- Football

The attention of caring adults, building friendships with other teens in the "system" and the thrill of successfully completing projects and sports results in a host of positive memories and enhanced self-esteem.

## A weekend of positive memories

**A**s a foster parent, you're the real hero: providing an abandoned or abused child with a safe home and security. But you may need a break. And your foster child's life and outlook can be enhanced by happy memories which can aid in the healing of the scars of abuse and provide a foundation for future happiness.

Our desire is to build on the foundation and relationships that began at our Royal Family KIDS Camp during the summer. We want to provide consistency as well as important life skills. Our goal is to help develop character, promote teamwork, build trust, and enhance interpersonal skills and relationships as well as strengthen their emotional health. Each teen will receive a backpack of goodies as well as a photo album.
